

Walk By Faith

Your Word guides us in every season
It brings hope to us
In the moments when we feel abandoned
Your Word is enough

Wisdom from you, perfectly unequalled
God we turn to you
Grow us through the trials that are coming
God, we look to you
God, we look to you!

May your church walk by faith, not by what we see
In your hands we submit to your sovereignty!
With the help of the Spirit who lives in me
I will walk by faith, not by what I see

Your hand guided all those through the ages
Full of faith in you.
God we long for faith that is unshaken
God we trust in you!
God we trust in you!

May your church walk by faith, not by what we see
In your hands we submit to your sovereignty!
With the help of the Spirit who lives in me
I will walk by faith, not by what I see
I will walk by faith, not by what I see

Give us faith to move the mountains, faith in parting waters,
Faith in what we cannot see
Give us faith to trust in Jesus to break down all the strong holds,

Faith to trust the King of Kings

(We trust the King of Kings!)

May your church walk by faith, not by what we see

In your hands we submit to your sovereignty!

With the help of the Spirit who lives in me

I will walk by faith, not by what I see

I will walk by faith, not by what I see

I will walk by faith, not by what I see
