

Come & See

Come and See why the people are singing
Come and See what has captured their hearts
Come and hear from the one who is calling
Jesus our Saviour

Come and see at the Cross where they nailed him
Come and see where his love flowed for you
Come and see in his hands where they pierced him
Come and see now the empty tomb.

Come and See all the glory of our God and King
He delights my soul, he is everything
I am free from the shackles of my life before
Jesus, our Saviour

So Come and rest now you weary traveller
Come and lay all your burdens down
Come and forfeit inviting treasure
Come and see oh what riches found!

Come and sit at the table of sinners
Come and find none deserving there
Come delay not in faith and repentance
Come and rest in his righteousness

Come and See all the glory of our God and King
He delights my soul, he is everything
I am free from the shackles of my life before
Jesus, our Saviour

So Come and look to the sky for his coming
Come and wait for his promise true
For he stands as one who is calling
Jesus our Saviour

Come and See all the glory of our God and King
He delights my soul, he is everything
I am free from the shackles of my life before
Jesus, our Saviour

Come and See all the glory of our God and King
He delights my soul, he is everything
I am free from the shackles of my life before
Jesus, our Saviour
Jesus, our Saviour
